

**Synopsis:** USAID AGIS: Accountable Governance for Improved Service Delivery

**Solicitation Number:** SOL-611-17-000001

**Synopsis:** The purpose of the Accountable Governance for Improved Service Delivery (AGIS) is to strengthen targeted accountability and transparency functions within two ministries of the Government of the Republic of Zambia (GRZ), to improve health and education outcomes as detailed in Section C of the attached Request for Proposals. In furtherance of this purpose, the AGIS project has the following objectives:

- Improve fiscal management and accountability processes in the delivery of public services.
- Support existing interventions that drive public financial management reforms within MoH and MoGE.
- Strengthen the PFM capacity of local government structures to implement central-level institutional reforms that ultimately support improved health and education outcomes.
- Strengthen capacity of MoH and MoGE personnel to adhere to established policies and procedures in audit, procurement, and internal controls.
